Back-End & Data: Express.js, MySQL, REST API basics, Web3Forms

Workflow: Git, GitHub, npm, Angular CLI, VS Code

Design Tools: Figma, FigJam, Photoshop, Illustrator

EDUCATION

Diploma, Web Development & Digital Design

VanArts | Vancouver, BC

Expected Aug 2026

Coursework: Responsive Web Design, Angular, JavaScript, WordPress, UI/UX Design, Typography and Git/GitHub.

STRENGTHS

- Practical debugging
- Responsive layout thinking
- Clear project documentation
- Client-focused communication
- Design-minded front-end work

PROFILE

Design-minded front-end developer building responsive web experiences through Angular, HTML/CSS and practical UI thinking. Brings real-client project experience, Git/GitHub workflow and a hands-on background in delivering clean, finished work.

MY DEVELOPMENT EXPERIENCE

Arcane Vault | Angular E-Commerce Web App

Angular | TypeScript | SCSS | Express.js | MySQL

- Built a responsive e-commerce app with home, shop, product detail and admin workflows using Angular components, routing and reusable styling.
- Connected front-end screens to backend/API data patterns and tested add/edit/delete product flows, live/offline status and public product filtering.
- Improved UI consistency across navigation, product cards, detail pages, login, dashboard and mobile layouts.

Mountainside Millwork | Real Client Website Build

Angular | Responsive Design | Web3Forms

- Built a responsive multi-page client website with clear routes, service content, project presentation and a quote-request path.
- Integrated an email-based inquiry form and tested desktop/mobile behavior to support a reliable client handoff.
- Translated client goals into a simple site structure, showing the ability to connect planning, design and implementation.

ValorBot | Technical Workflow & Debugging Project

Python | Git/GitHub | Config Testing | Logging

- Worked through controlled feature branches, paper-mode safety checks and evidence-based testing for a personal trading-bot project.
- Used structured logs, baseline comparisons and small verified changes to improve debugging habits and project reliability.

PROFESSIONAL EXPERIENCE

Carpenter | Mountainside Millwork

Mission, BC | Sep 2011 - Aug 2022

Delivered custom residential and commercial millwork while coordinating with clients and contractors around quality requirements and timelines.

Property Manager | Peakman Management Group

Calgary, AB | Jul 2009 - Sep 2011

Managed daily operations and stakeholder needs across multiple fitness facilities.

Drywall Taper | Peak Drywall Finishing

Mission, BC | Jan 2004 - Jul 2009

Completed quality-focused finishing work across commercial, residential and industrial projects.
